Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising space to any man or merchant who does not have a legitimate business concern. Its columns are its stock in trade and advertisements should be paid for, no matter in what part of the paper they appear.

The Confused Cattle

Upon THE LEDGER for free notices have become so burdensome that we are forced to publish the following terms:

For Notices of Shippers

Excursions, fairs, or other public entertainments where a fee is charged, and for ordinary notices, resolutions of regents, etc. The Ledger will charge five cents a line, and hereafter this will be the invariable rule. This charge does not include

Does Not Include

notices of Lodge meetings or Church services, which must not exceed ten lines.

Avoidance of Disputes.

Minutemen are not to exceed ten lines. The rate for business notices in THE LEDGER is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A notice of a five-line notice inserted in the paper, "If you wish to know the cost of a notice, call on the Ledger office, it is 50 cents." When a notice is not a "notice" and a controversy is probably by an act of notice. Now, to obtain this notice, let the advertiser have a definite agreement at the time the publication will be pleasant all around.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

A man may dress as well as his good judgment and the assistance of an artistic tailor may elect. He may take his "tubs" but if his digestive organs are out of order, he will have an unwholesome appearance. His complexion and the whiteness of his eyes will have a yellowish tint. His tongue will be coated, his teeth rusty, his breath abominable. He is one big, unwholesome sign of constipation.

The quickest, safest way to cure this trouble is to take Dr. Pierce's Pleasant Pellets. They are made of refined, concentrated vegetable matter. Nothing in the least harmful enters into their composition. They hunt down all impurities, and "smoke them" out of the system. They are the product of many years' study and practice. Dr. Pierce cannot afford to put forth a worthless article.

THE DECIDING GAMES.

The Three Played This Week Will Tell the Tale.

The Kurnels have won fourteen in two years.

And the Indians have won fourteen in two years.

That was the standing of the two clubs after Saturday's game.

It is true the team that represented Mayville last year is not the same one that has been playing ball this year in the Mayville uniforms, as the one this year is far superior, in our minds, to that of last year.

We have better pitchers, better fielders with possibly two exceptions and better batters, all of which give us a better all-round club than the one we had last year.

The Indians have about the same make up this year as last, and from the result of the game Saturday it made it impossible for the people of Knoxville to tell which is which, so they prevailed on the Kurnels standing and play three games this week—Monday, Tuesday and Wednesday, the club winning two out of the three to be the best.

We are going to say right here that there's no question in our minds at present as to which is the best, what's puzzling us is how the Indians ever win a game from the Kurnels.

NOTES.

The crack Flemingsburg Junior Nine fell yesterday before the undefeated Campbell Nine. The features were Rudy's hitting and Davis's pitching for Camp Nine. Batteries—Flemingsburg, Cox and Humphrey; Campbell, Davis and Elmer Rudy. Score—12 to 7 in favor of Campbell club.

Captains Ewing of the Cincinnati Reds and Anson of the Chicago were over to West Union Saturday to see Roaring Bill Hassamer, the collyard wonder, catch. It is thought he will be signed by one of these clubs. If he don't go into the League this year, he will finish the season with the Short Streeters.

Saturday's game at Knoxville was one in which the boys hit the ball. The Mayville boys got ten hits off Miles while six small ones was all the Indians could do to Newton. The Knoxville Tribune of Sunday has the following account of the game:

"Up to the ninth inning yesterday the Indians had the game well in hand, but two errors and two hits and a general pyrotechnic display made by the Knoxville team in the Mayville half of the ninth turned the tables most completely on them and gave the game to the visitors from old Kentucky by a score of 6 to 5 when there was only one man out."

"To Jones, the Louisville man, and Jobe, is due the credit of Mayville's win. It is thought he will be signed by one of these clubs. If he don't go into the League this year, he will finish the season with the Short Streeters."

In the ninth the score stood 5 to 4 in favor of Knoxville and when the Mayville team started in for their half of the ninth the people commenced leaving; a moment later Jobe made an error and allowed a man life at first; then a hit advanced him, and then another hit and an error by Jones in right field allowed two men to cross the plate and the victory was Mayville's. The last hit was made while Big Tanner was on first base, and the ball hit was a liner about seven feet in from first base. Tanner played his part to perfection and started to run, holding back, however, at the proper time in order to keep the batted ball from striking him.

"The home runs and a long two-base hit, coupled with Strong Nicklin's at third, were the features of the game. Flournoy cracked the sphere over

left field fence the first time he came to the bat and Honeyman, Curle and Sutherland also came in for a slice of the same loaf of honors. Honeyman got a star two-base hit, and scored two men; Jones led the Locals in batting, getting three safe ones, one of them being a two-base hit. Neither pitcher had a very easy time, as everybody had on their batting clothes. Both teams had several errors, but the game on the whole was one which pleased the audience."

Miss Eliza Pollitt returned home Saturday night from the Lexington Asylum, and having been fully restored. Her many friends will be pleased to learn this.

If you want a pleasant outing any evening, take a stroll down West Second street and inhale the odoriferous breezes that play across the vasty bosom of the city dump.

At Sherburne Sunday night Bill McKee shot and killed Jerry Roby. Both cooled. Roby was too intimate with McKee's wife. The murderer made his escape.

Mr. Hiram P. Chenoweth yesterday afternoon received a telegram announcing the sudden death of Rack Eason Springs, Va., of Mrs. A. S. Pratt. Mrs. Chenoweth's grandmother. Mrs. Chenoweth had just gone to Esculapian Springs with Postmaster Chenoweth and his wife to remain during August. Upon receipt of the sad news Mr. Chenoweth at once started for Esculapian in a carriage, and reached here on the return just in time to catch the 10:45 train, on which Mrs. Chenoweth left last night for Washington, where the funeral will take place.

HERE YOU ARE!

With Nearly Forty Years

Of successful experience in the manufacture of Watch Movements and Watch Cases, and with the mechanical knowledge gained in the construction of special machinery and tools necessary for the manufacture of watches, we have reason to believe that no factory in the world is better able to produce a bicycle of superior design and workmanship. Our machinery is the finest and most modern in existence. Our workmen are trained to a greater degree of accuracy than is usually observed in any bicycle factory. Where is the bicycle factory that is capable of producing a machine made equal to a Dueber-Hampden Watch or machinery required to manufacture same?

These Bicycles, as well as a full line of the Dueber-Hampden Watches, can be seen at

COME IN AND SIGN THE PETITION.

The List Open at THE LEDGER Office—Will Require Nearly 700 Signatures.

Before the County Judge can order an election for Free Turnpikes, he must be presented with a petition signed by 15 per cent. of the voters who voted at the last general or county election.

At the gubernatorial election held in November, 1895, there were 4,490 votes cast in Mason county for Governor.

Fifteen per cent. of this number would be 675.

There is now open at THE LEDGER office a petition to the County Judge, requesting him to call an election in November next, that the people may vote as to whether they do or do not want free turnpikes.

Call in and sign it.

J. HENRY PECOR.

My little boy, when two years of age, was taken very ill with bloody flux. I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy, and luckily procured part of a bottle. I carefully read the directions and gave it accordingly. He was very low, but slowly and surely began to improve, gradually recovered, and is now as stout and strong as ever. I feel sure it saved his life. I never can praise the Remedy high enough. I am sorry every one in the world does not know how good it is, as I do.

The damage throughout the county by the storm of Saturday is hard to estimate, but will reach up into the thousands. Much corn is rotting in the husk, and all, white hundreds of acres of the most promising corn is beaten and twisted so that it will be damaged one-half.
